

## Please join us for an open house for the Boston Bike Network Plan!

**Why:** Review the draft network plan and vision

**When:** Wednesday, November 16<sup>th</sup>, 2011 at 5:30-8:30 pm

**Where:** Boston Public Library, Copley Square, Lower Level McKim A  
**Bike! Or take the T to Copley Square or Back Bay station.**

Enter the McKim Building through the Dartmouth Street Entrance. Proceed down the stairs.  
The conference rooms will be straight in front of you (Room A is on the left-hand side).

The Boston Bicycle Network plan aims to increase bicycling and to improve safety, comfort and connectivity for people of all abilities. The proposed network will be bold in its approach, cover the entire city, and make connections to the regional network. The plan will guide development of a network of bike facilities through near-term and long-term recommendations. Recommendations will incorporate state of the practice treatments for bike lanes, separated paths, trail connections, bike parking and other applications.
